

RESOLUTION of the Scientific Director of the Centro de Investigación Biomédica en Red de Diabetes y Enfermedades Metabólicas Asociadas (CIBERDEM), in which it resolves the second call of the DIATRAIN (COMP) program, consisting in the award of a fellowship for the stay in a foreign research institution aimed at postdoctoral researchers of the CIBERDEM consortium.

The DIATRAIN (DIAbetes Trans-national Research Advancement for Investigators) mobility program, co-financed by the FP7 Marie Curie Actions-People-2010-COFUND program of the European Commission with the Grant Agreement No. 267248, announced a call for applications for a mobility fellowship addressed to all the postdoctoral researchers of the CIBERDEM who wanted to stay in a foreign research institution between six and twelve months.

Considering the evaluations of all the candidates by the External Evaluation Committee and the Coordinator of the program, **The Scientific Director of the CIBERDEM**

RESOLVED, that a DIATRAIN (COMP) fellowship is awarded, in accordance with the terms and conditions found on the abovementioned Grant Agreement, to Dr. Águeda González Rodríguez, with NIF xxxxxxxxxxxx, for a research stay in the group of Prof. Antonio Vidal-Puig at the University of Cambridge (UK).

RESOLVED, that the duration of the fellowship is between six and twelve months and the starting date will be decided in agreement between CIBERDEM, Prof. Vidal-Puig and the researcher.

RESOLVED, that this resolution will be publicly available on the website of the DIATRAIN program.

Barcelona, 6th May 2013.

Dr. Luis Castaño
Scientific Director of CIBERDEM

Stamp of the Institution

DIATRAIN is co-financed by the COFUND FP7 Marie Curie Actions – People program of the European Commission and CIBERDEM.
