

GENOMICS & PERSONALIZED MEDICINE

ZENCODE International Training Network Symposium

Monday May 7th, 2018

Organized by Dr. Irene Miguel (IDIBAPS), Dr. Jorge Ferrer (IDIBAPS, CIBERDEM & IMPERIAL COLLEGE LONDON) and Dr. Josep Oriola (CDB-HCB)

09:00-09:05

Welcome

9:05-9:50

ELLEN THOMAS, Genomics England

Keynote Lecture: *The 100.000 genomes project*

9:50-10:20

JAMES WARE, Imperial College London

Genomics and precision medicine in cardiomyopathies

10:20-10:45

Coffee Break

10:45-11:15

JOSEP MARIA LLOVET, IDIBAPS-Hospital Clinic de Barcelona, ICAHN School of Medicine Mount Sinai and Ciberehd

Molecular pathogenesis and targeted therapies in hepatocellular carcinoma

11:15-11:45

NURIA LOPEZ BIGAS, Institut de Recerca de Barcelona

Dissecting noncoding genome signatures in cancer

11:45-12:00

Break

12:00-12:30

IÑIGO DE MIGUEL VERIAIN, University of the Basque Country, IKERBASQUE-Basque Foundation for Science

"Ethical issues arising from the application of gene editing in clinical practice"

Auditori Esteve, CEK
C/ Rosselló 149-153
Barcelona

ZENCODE-ITN
